

## Special free Standards subscription for 6 months for Canterbury users

Standards New Zealand wants to do what we can to help our many Cantabrian members, committee members, nominating organisations, subscribers, and customers whose businesses have been affected by the recent earthquake.

We are offering a special, free 6 months Online Library Service subscription to Canterbury-based users who have lost or can not access their hard copy Standards collections, their PCs/laptops/servers, and/or PDF collections of Standards.

The Online Library Service enables 24/7 access to NZS and AS/NZS Standards online through the Standards New Zealand website. The service gives you and your colleagues access to the critical Standards information you need anytime, anywhere. Standards are automatically updated so you will always see the latest and, in many cases, the superseded versions of publications. You can choose between username and password login or, if you have an intranet for staff access, login can be via IP recognition.

The free 6 months subscription offered will match those Standards you or your organisation have purchased or subscribed to previously. If your organisation has not purchased from Standards New Zealand previously, please indicate this on the form and remember to complete the second page – we will contact you to discuss the Standards you request access to.

### ***How to apply***

To apply for this offer, simply complete the application form and fax, mail, or email to Standards New Zealand. We will call you to discuss any points needing clarification, and send you a special Online Library agreement and terms and conditions covering the use of this service. You will need to review the terms and conditions of use, sign the agreement, and return it to us so we can activate your subscription.

If you have any questions about this offer or would like more information about how access to the Online Library Service works, please call 0800 782 632 during business hours or email [onlinelibrary@standards.co.nz](mailto:onlinelibrary@standards.co.nz) – we'll be happy to help.
